

I am a daily radio listener to KLOVE (106.7 in the Raleigh/Durham area). KLOVE is a station that my kids and I can listen to without fear of hearing inappropriate lyrics or DJ commentary. I value the family values supported by KLOVE and it would be a detriment to our area to lose the KLOVE broadcast. In a culture full of violence, KLOVE provides a safe haven on the radio -- a place where positive themes are emphasized. I strongly believe that maintaining this option on the radio is important to our community.
